To a very Special guy. I have never met anyone as sweet and kind as you are. There will never be anyone who can take your place. I hope you will be friends forever and I hope that marriage will be there. I want to wish you the best of luck in the future. Love Ya Always

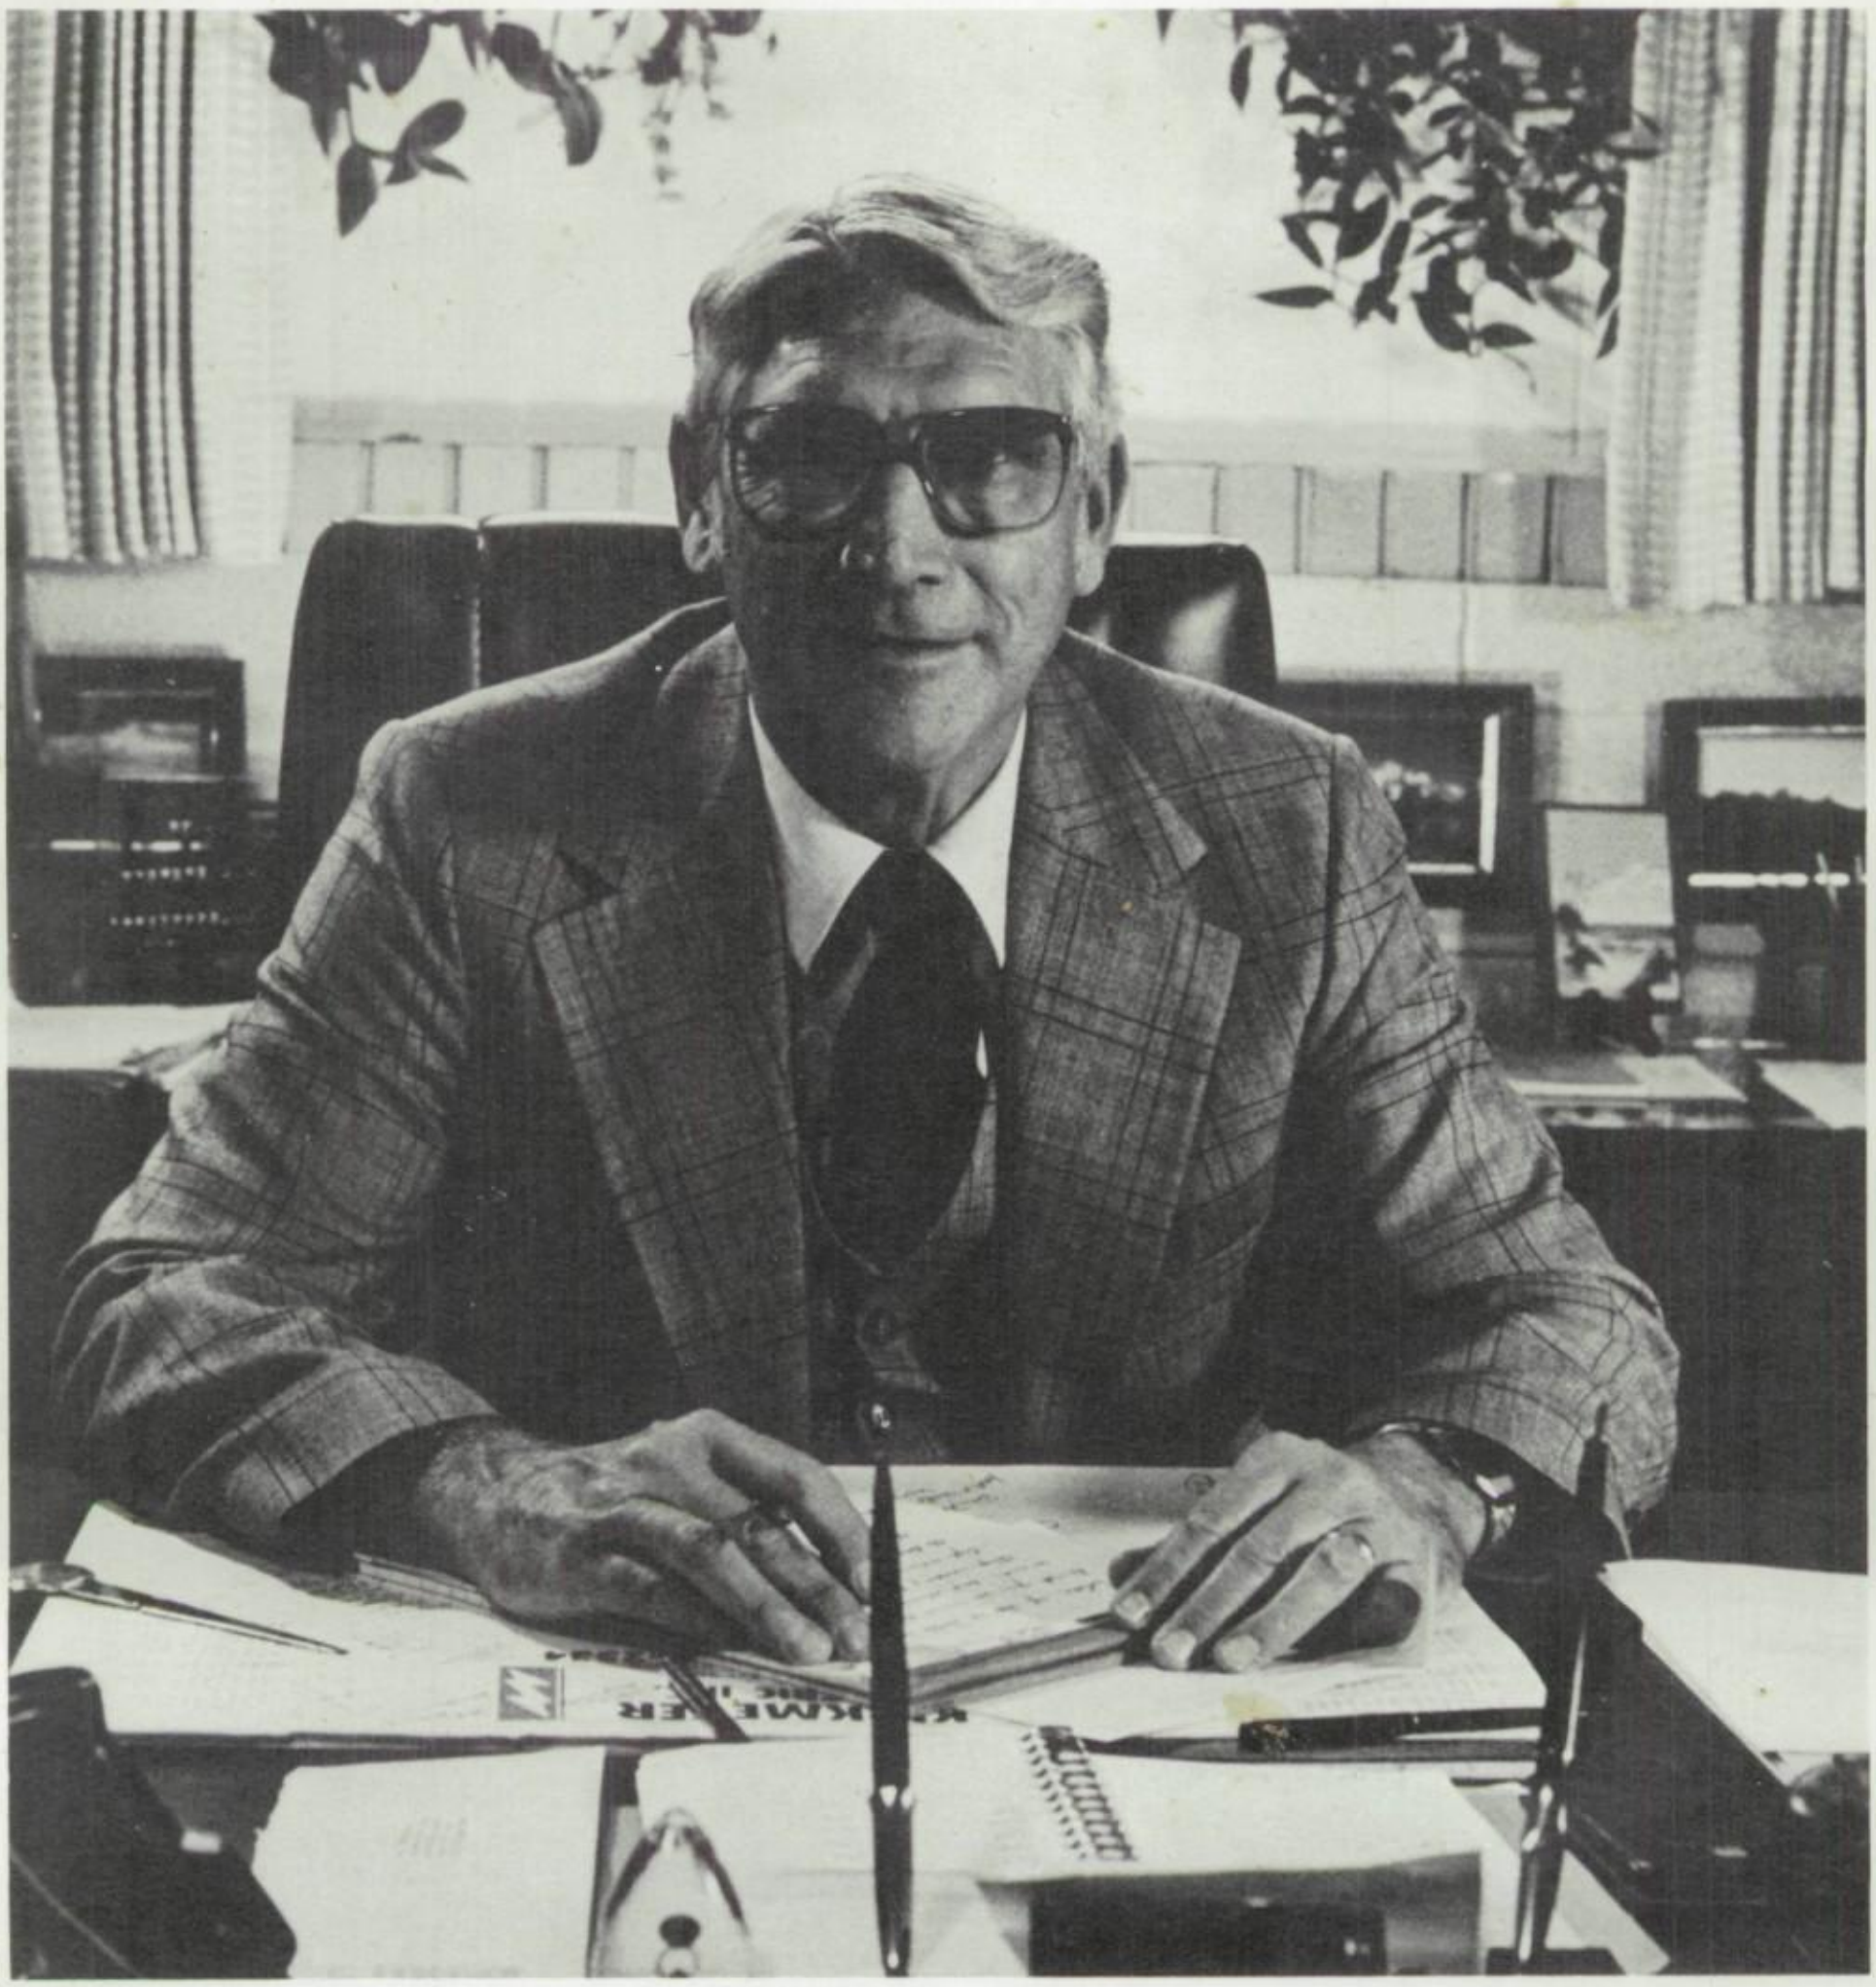
SANDSTORM

HOBBS HIGH SCHOOL

Hobbs, New Mexico

Volume XXXVI



Through our work to do the things necessary to successfully maintain a high school with high standards we keep the Board of Education aware of the many things taking place on our campus. This includes involvement by our staff, teachers, students, and patrons; and takes place through many appearances that these people make in both formal and informal presentations to the Board.

So to keep with the theme of this year's annual we encourage each of you as you look through the 1980-1981 Sandstorm to check out those items included in our "Annual Report to the Board."

Customarily, large corporations issue yearly reports to their constituents—their boards, stockholders, and officers—a "state of the union" report, if you will. The 1981 *Sandstorm* reports to you—our constituents—about the activities of Hobbs High School.

The 1980-1981 school year reflects several changes from the past. The Academic Advisory Committee, the Parent's Advisory Committee, and the Board of Trustees for the school district, for example, revised graduation requirements to insure higher academic standards. New coaches and teachers were brought in to strengthen programs. A bond election was passed by the voters to allow construction of vocational training facilities and remodeling and repair of existing facilities.

Small wonder, then, that we think our stock is up, our profit charts soaring. Hobbs High School, you're a growth stock—soaring with the eagles.

Hobbs High School
Hobbs, NM 88240

Dear Dr. Cowan:

We have chosen Sherry Hogue as Miss Hobbs High School because she seems to be an outstanding young person in many areas.

We have selected Crit Dale Caton as Mr. Hobbs High School because he seems to have given of himself in so many ways.

It was a hard choice to make as all the candidates seemed well qualified to represent your school.

Sincerely,

Frances Ryan

The Class of 1983

A foolish consistency is the hobgoblin of little minds, adored by little statesmen and philosophers and divines. With consistency a great soul has simply nothing to do. Speak what you think now in hard words and tomorrow speak what tomorrow thinks in hard words again, though it contradict everything you said today.

—Ralph Waldo Emerson

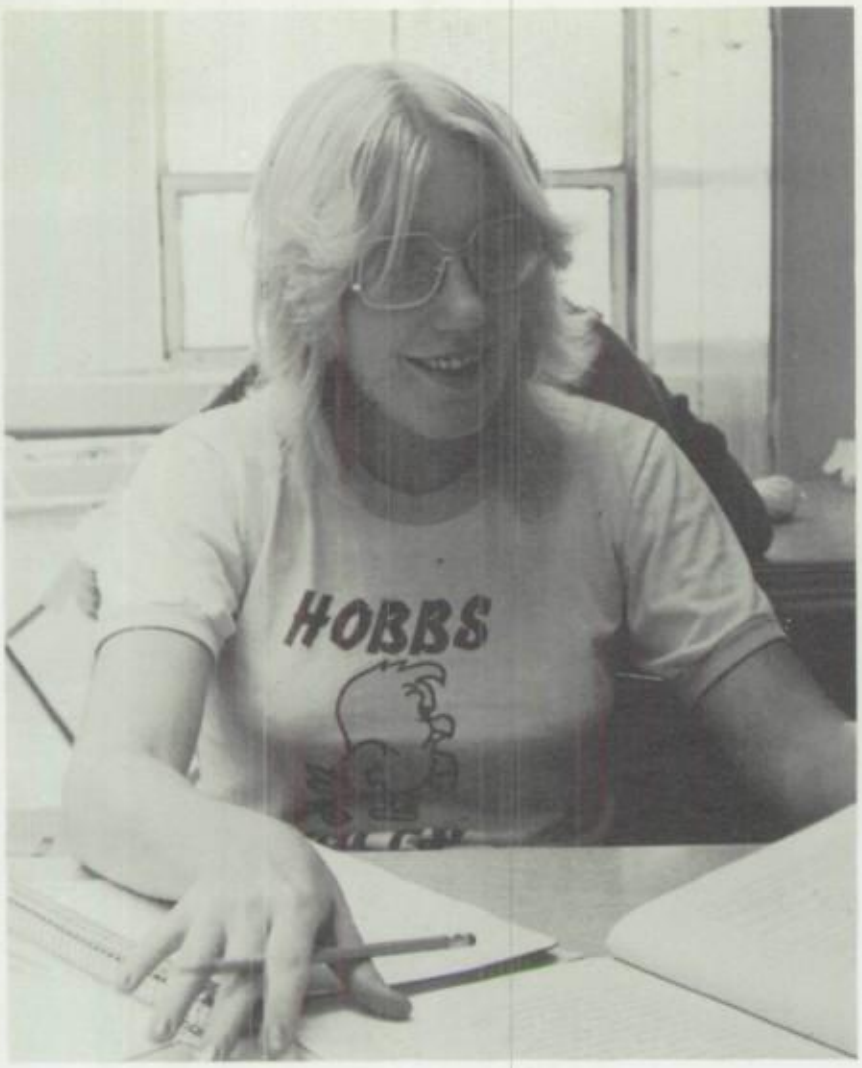
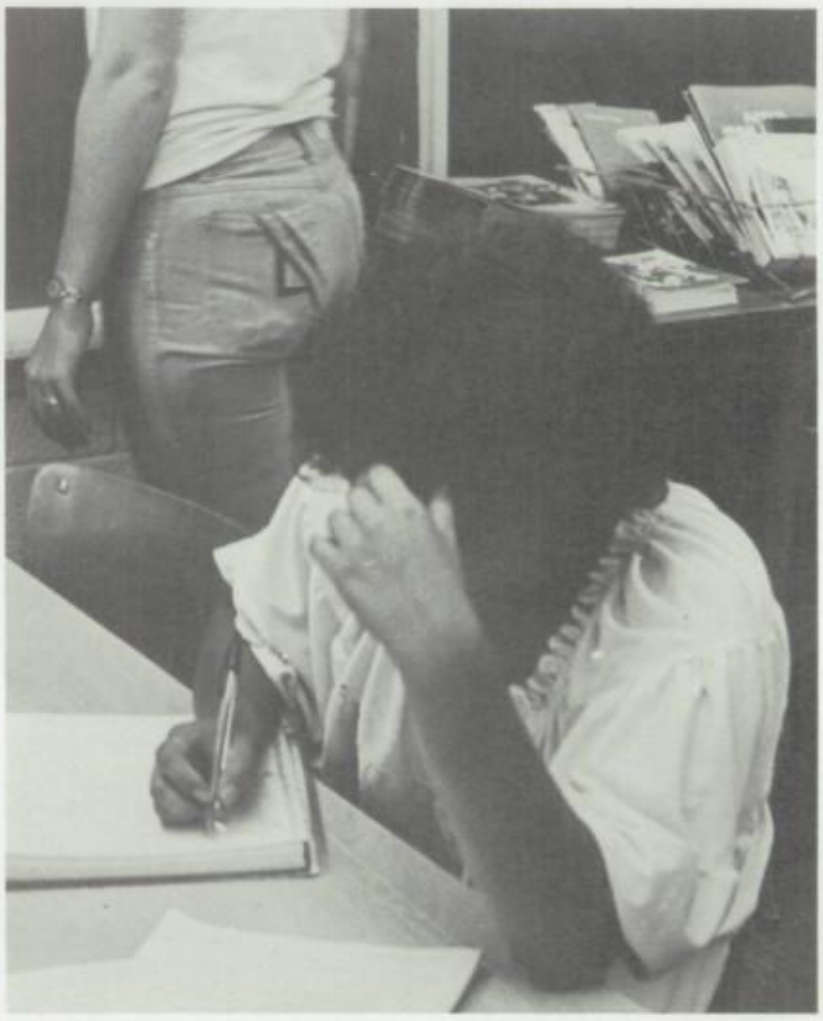
Top left: William Morales and Tina Anderson. Top right: Lula Joiner. Above: Tina Mills. Bottom: Alice McClain and Barbara Wall, teachers.



Top left: Barbara Stewart. Top right: Washington Center, Home of Alternate School. Bottom left: Sharon Hicks. Above: Tami Callaway.



The Alternate High School provides a way in which many students can complete their education when attendance at a traditional school would be extremely difficult, if not impossible. Because of the availability of the Alternate High School, educational needs of nearly all students can be met, and students who might have dropped out in past years go on to receive that coveted diploma.

Future Farmers of America, "FFA," is an integral part of the program of vocational education in agriculture in the public school system of America. FFA is an intracurricular activity having its orgin and root in a definite part of school curriculum—vocational agriculture. Junior Achievement in Hobbs started in 1973. It is run by a group of concerned Hobbs businessmen who want to give young people the chance to find out for themselves what it is like in the business world. Students learn about management, production, expenses, taxes, pitfalls, and windfalls. A JA student is a more rounded person in the business sense and is more apt to succeed on his own. Hobbs JA is managed by Ray Bailey whose untiring aid has been inspiring a flourishing JA organization for years.

Members of BABT—President Randy Moore, Leonard Allen, Veronica Baylor, Wes Cochran, Donny Cogburn, Judy Cogburn, Dalia DeLeon, Dianne Dowen, Vickie Gurule, Litza Heaton, Vince Hobbs, Connie Gonzales, Johnny Johnston, Kevin Lane, Eric Moon, Margaret Ramoz, Donna Stevenson, Tammie Templeton, Rhonda Thomason, Shannon Thornhill, and Monica Wilcox.

Building a Better Tomorrow—BABT—had as their product this year plexiglas picture frames. They invested monumental time and money to start with and soon hit the streets with their product. BABT was advised by Conoco.

Students With A Talent—SWAT—had the greatest number of returning of any company this year. They specialized in producing several products during the course of the year but their major product was clocks in the shape of New Mexico. Their clocks sold even past their own expectations.

Now is the year 2000. We look back upon those once dubbed "The future leaders of the world" and see that the world is more than doctors and lawyers. We, the annual staff, hope that *you*, the student, have as much fun with this as we have and also hope that you take this in the spirit in which it is intended. We by no means wish to brand anyone; rather, we intend to display the variety of fields in which your excellent high school training will prove invaluable.

Your High School Yearbook is one of few items that appreciates in value with age. You will never value this book more highly than when you open it twenty years from now at your class reunion, or when with old friends, or just when feeling sentimental. You are the members of the board. Our corporation is a three-year proposition with definite opportunities for advancement once you reach seniority. Good Luck in all your ventures.

May you reap great dividends from your futures.
